1. The ERDF co-financing rates per partners are set in Annex III. (Sources of funding) of the Subsidy Contract. As a general rule, the ERDF co-financing rates per partners cannot exceed 85% of the eligible public expenditures.
2. The maximum amount of ERDF contribution awarded for the project cannot be exceeded.
3. Should the total eligible costs after the completion of the project be lower than the budgeted amount, the abovementioned ERDF contribution awarded under the Programme will be correspondingly reduced according to the ERDF co-financing rates per partners set in Annex III.
4. Reimbursement of the ERDF contribution is under the condition that the European Commission makes the funds available to the above-described extent.
5. If the European Commission fails to make the funds available or the Memorandum of Understanding signed by the participating Member States is no longer in force, the MA will be entitled to terminate this contract.

Article 2

Duration of the project

1. Project starting date: 1-October-2010
2. Project end date: 30-September-2011
3. The project activities have to be carried out and finalised within the project period as well as project expenditure – with the exception of preparation costs – has to be incurred within the project period as defined in Article 2.1.
4. Preparation costs can only be eligible if they were incurred on or after 1st January 2007 and before the date of submission of the Application to the Joint Technical Secretariat (hereinafter also referred to as JTS), and paid before the end date of the first reporting period.

Article 3

Object of use

1. The ERDF contribution is awarded exclusively for the implementation of the Project as it is described in the Application approved by the Monitoring Committee.
2. Project expenditure, including preparation costs, which qualifies for the ERDF contribution awarded according to Article 1.1., consists exclusively of project expenditure related to the project activities approved by the Monitoring Committee. The rules for the eligibility of expenditure are set in the HUSK Project Implementation Handbook. The relevant EC Regulations, in particular Article 56 of Regulation (EC) No 1083/2006, Articles 7 and 13 of Regulation (EC) No

1080/2006, Articles 48-53 of Regulation (EC) No 1828/2006, and national eligibility rules also have to be respected. In case of contradiction between the abovementioned rules, the stricter rule shall apply.

3. State aid rules in application of Articles 87 and 88 of the EC Treaty as defined in annex VI must be respected if applicable.

Article 4 **Reporting and Application for Reimbursement**

1. The LP can only submit Application for Reimbursement to the JTS accompanied by proof of progress of the project. Therefore the LP has to submit a Progress Report – with each Application for Reimbursement – consisting of the description of the activities carried out and their outputs and results during the reporting period and a financial report presenting the financial progress of the project in accordance with the approved application.
2. The LP has to submit the Progress Report and the Application for Reimbursement for each four-month reporting period from the project starting date indicated in Article 2.1. The LP is entitled to submit a startup Progress Report within 105 calendar days from the conclusion of the subsidy contract in case the project was approved with preparation costs to be co-financed or the starting date of the Project is before the conclusion date of this subsidy contract. In this case the first Progress Report shall cover the period between the signature of the Contract and the end of the first four-month reporting period. The Progress Report and the Application for Reimbursement have to be submitted to the JTS within 105 calendar days from the end date of each reporting period. The reporting periods and the actual deadlines for submission are indicated in Article 4.13.
3. Additional obligatory deadlines to submit an Application for Reimbursement may be set by the MA in order to avoid decommitment of ERDF contribution at programme level.
4. The startup Progress Report and Application for Reimbursement (if any) have to cover the preparation costs of the project and the project expenditure incurred between the starting date of the project and the conclusion date of this subsidy contract. In case no startup Progress Report and Application for Reimbursement is submitted, the above mentioned costs have to be included in the first Progress Report and Application for Reimbursement covering the first reporting period as indicated in Article 4.13.
5. The final Progress Report and final Application for Reimbursement have to be submitted to the JTS within 120 calendar days after the end date of the project as indicated in Article 2.1.
6. The language of each report is English. The forms and tools of the Progress Report, Application for Reimbursement and the Declarations on validation of expenditure are defined for the HUSK programme and are obligatory to use. The LP has to complete and submit the Progress Report and the Application for Reimbursement online through the Front Office surface of the IMIS 2007-2013 (the monitoring and information system of the Programme; hereinafter referred to as the system). Access to the system is only permitted by means of an individual username and password. The Rules of Use of the system are set in Annex VII. of

this contract. Further rules on reporting – including the documents to be submitted with the Progress Report – are set in the HUSK Project Implementation Handbook.

7. The Application for Reimbursement submitted by the LP shall contain only validated expenditure and shall be supported by the Declarations on validation of expenditure issued by the Control Bodies of the PPs. The LP shall ensure that the expenditure presented by the PPs participating in the project have been incurred for the purpose of implementing the project and corresponds to the activities agreed between those partners.
8. In compliance with the Article 20(1)d of the Regulation (EC) No. 1080/2006, the LP shall ensure that the expenditure of its PPs has been verified by the designated Control Body of the PP. The designated Control Bodies and the national level control requirements for each Member State are available in the HUSK Project Implementation Handbook.
9. In case the Declarations on validation of expenditure are not received from each project partner for a given reporting period, the LP shall submit the Application for Reimbursement on the basis of the Declarations on validation of expenditure available for the reporting deadline. The expenditure of the PPs submitted for validation but not validated for the given reporting period within the deadline might be requested only in the next Application for Reimbursement. In case of expenditures held back by procedures launched by programme bodies, in particular by irregularity procedures, eligible expenditures might be requested in the Application for Reimbursement after the closure of the procedure in question.
10. The LP shall submit the Application for Reimbursement in Euro, based on the Declarations on validation of expenditure in Euro issued by the designated Control Body of the PPs.
11. PPs from Member States, which have not adopted the Euro as their currency, shall convert into Euro the amounts of expenditure in the list of invoices incurred in national currency before submission for validation to the responsible Control Body of the Member State. The expenditures shall be converted into Euro using the monthly accounting exchange rate of the European Commission in force in the last month of the reporting period. The monthly exchange rates of the European Commission are available at website of the European Commission.
12. The exchange rate risk is borne by the PP/LP concerned.
13. The LP shall request the reimbursement of ERDF contribution on the basis of the following table (which includes the total project budget with governmental and own contribution):

	Reporting period	Deadline for submission of the Progress Report and Application for Reimbursement	Indicative spending forecast (EUR) (2 decimals needed)
1	01/10/2010 - 31/01/2011	Within 105 days after the last day of reporting period, latest 16/05/2011	19,936.00
2	01/02/2011 - 31/05/2011	Within 105 days after the last day of reporting period, latest 13/09/2011	393,885.50

3	01/06/2011 - 30/09/2011	Within 120 days after the last day of reporting period, latest 28/01/2012	51,148.00
Total:			464,969.50

14. The spending forecasts of the project are set out in point 13. and remain unchanged for the whole project period. The LP has the possibility to deviate from the spending forecasts considering that in case of n+2/n+3 decommitment resulting from underspedings compared to the spending forecast, the MA is entitled to decommit the project by reducing the original project budget and the corresponding ERDF contribution.
15. In case of projects with investment activities co-financed, the LP shall submit yearly follow-up reports till the end of the period laid down in article 14(1) in the format set in the HUSK Project Implementation Handbook to the JTS proving the sustenance of the project outputs. The first follow-up report shall be submitted within one year from the end date of the Project.
16. The LP has to provide immediate information to the JTS about circumstances that delay, hinder or make impossible the realization of the project, as well as about any circumstances that mean a change of the reimbursement conditions and frameworks as laid down in this contract or entitle the MA to reduce or demand repayment of the ERDF contribution wholly or in part. Immediate information shall also be provided in case the project has not been or cannot be fully implemented by carrying out the planned activities, the planned outputs and results and by achieving at least 80% of the quantifiable outputs, or the project cannot or could not be realized in due time. In case that the project cannot be implemented according to the time schedule fixed in the Application and in annex 1 as well as according to the payment schedule stated in point 13 of this article the fact has to be reported immediately to the JTS in order to seek written approval. The request for approval does not imply the approval.
17. ERDF funds not requested according to the plan may be lost by the beneficiaries.

Article 5
Reimbursement of ERDF contribution to the LP

1. The reimbursement of ERDF contribution to the LP will be initiated only after the verification and acceptance of the Progress Report and its annexes, the Application for Reimbursement and the Declarations on validation of expenditure.
2. The LP may be requested for completion of the Progress Report and the Application for Reimbursement during the verification process by the JTS. After the second unsuccessful request for completion, the Application for Reimbursement and the Progress Report may be rejected. A rejected Application for Reimbursement can be resubmitted only once and for the next reporting deadline following to the reporting period concerned.
3. The reimbursement of ERDF contribution will be authorised by the Certifying Authority. In case the ERDF balance of the programme single bank account handled by the Certifying Authority does not cover the amount to be reimbursed, the reimbursement process will be suspended till the transfer of the ERDF contribution from the European Commission is credited to the programme single bank account.

2. The LP will produce all documents required for the audit, provide necessary information and give access to its business premises. The LP is obliged to retain for audit purposes all files, documents and data about the project for at least until 31 December 2022. The list of the documents to be retained is listed in Annex V.
3. The LP is obliged to guarantee fulfilment of the above stipulated duties in relation to all other PPs of the project.

Article 12 **Irregularities**

1. In case of irregularities identified the MA reserves the right to claim the repayment of ERDF contribution in full or in part from the Lead Partner and has the right to reduce the amount of the ERDF contribution awarded.
2. The LP is responsible for securing repayment of the ERDF contribution unduly paid to the project, even if the irregularity was committed by one of the partners.
3. If a project partner commits an irregularity, the LP – after having received the notice on repayment – is obliged to request the amount unduly paid from the Partner concerned and repay it to the MA within the deadline for the repayment set in Article 13.2. The Lead Partner shall exercise due diligence to ensure repayment.
4. If the LP does not succeed in securing the repayment from the partner(s), within 5 days from the end of the deadline given the LP has to notify the JTS and has to send a complete file containing all the documents needed for recovery as well as proof of steps taken by the LP towards the project partner(s).
5. When the amount unduly paid has not been recovered or a complete file, referred to in Point 4, has not been transferred to the JTS, due to negligence of the LP, the LP shall remain responsible for the repayment.

Article 13 **Right of withdrawal and repayment, suspension of reimbursement**

1. The MA is entitled to withdraw from this contract and to demand repayment of ERDF contribution in full or in part, if:

- a) the LP has obtained the ERDF contribution through false statements or incomplete statements to bodies/appointees of the European Commission, the MA or any other authorities involved in the implementation of the Programme; or
 - b) a precondition for the approval of the project is lost, in particular the compulsory cross-border partner resigns from the project and is not replaced in line with the provisions of Article 8; or
 - c) the Partnership Agreement concluded between the LP and the PPs is no longer in force or;
 - d) the LP becomes insolvent or subject to bankruptcy proceedings;

 - it has been impossible to verify that the final Progress Report is correct and thus the eligibility of the project by funding from the Programme.
2. If the MA sends a request for repayment on the amount of ERDF contribution paid unduly and the corresponding interest chargeable, the LP is obliged to secure

repayments from the PPs concerned and repay the amount specified by the MA before the due date. The repayment by the LP is due within two months following the receipt date of the request for repayment. The rate of such interest shall be one-and-a-half percentage points above the rate applied by the European Central Bank in its main refinancing operations on the date of the request for repayment.

3. The MA has the right to recover the amounts specified in the request for repayment by deducting them from the Application for Reimbursement submitted by the LP.
4. In case of any delay in the repayment, the amount to be recovered shall be subject to interest on late payment, starting on the due date and ending on the actual date of repayment. The rate of interest on late payment shall be one-and-a-half percentage points above the rate applied by the European Central Bank in its main refinancing operations on the due date.

6. The LP is entitled to exercise the right of withdrawal if implementation of the project becomes impossible caused by circumstances independent from the LP. In this case, the LP shall repay the whole amount of ERDF contribution reimbursed with the interest chargeable within two months from the date of notifying the MA on the withdrawal from the contract. The rate of interest shall be the rate applied by the European Central Bank in its main refinancing operations on the date of notifying the MA on the withdrawal from the contract.

 - b) resulting either from a change in the nature of ownership of an item of infrastructure or the cessation of a productive activity.

The LP is obliged to notify the JTS of any such changes described beforehand.

2. Ownership, title and industrial and intellectual property rights in the outputs of the project and the reports and other documents relating to it shall vest in the LP and PPs. 5. Should the project be identified as revenue-generating in accordance with the definition provided in Article 55(1) of Regulation (EC) No 1083/2006, the MA is entitled to deduct from the Application for Reimbursement the estimated net revenue that may be generated by the project. In order to define the amount to be deducted, the MA shall take into account the criteria listed in Article 55(2) and (3) of the aforementioned Regulation.
6. Where, at the latest three years after the closure of the programme, it is established that a project has generated revenue that has not been taken into account, such revenue should – in line with Art 55 (4) of the aforementioned regulation – be refunded by the LP to the general budget of the European Union in proportion to the contribution from the funds.
